UNIQUE ID QD4GFD1FC5Q7

CAGE CODE 8G4H1

Mindful Objects is committed to fostering workforce readiness and leadership skills through innovative, hands-on professional development and training programs. We look forward to partnering with your organization to prepare the next generation of leaders for success in the modern workplace.

## COMPANY OVERVIEW

Mindful Objects is a Minority Woman-Owned Business (MWOB) specializing in hands-on robotics and coding programs that enhance STEM education, workforce readiness, and professional development. Our innovative approach equips educators and students with critical skills like problem-solving, leadership, and collaboration, fostering resilience and adaptability in an ever-changing world.

## CORE COMPETENCIES

- STEM Education: Robotics and coding workshops aligned with national standards to build technical proficiency and critical thinking.
- Workforce Readiness: Training programs that focus on communication, teamwork, and problem-solving, essential for modern careers.
- Professional Development: Educator workshops that integrate robotics and coding to foster leadership, innovative teaching, and real-world applications.
- Social-Emotional Skills for the Workplace: Mindfulness-focused training to enhance decision-making, adaptability, and interpersonal effectiveness.

## CERTIFICATIONS

- Minority Woman-Owned Business (MWOB)
- Certificates of Insurance for Program Delivery
